Children's Day

On this year's Children's Day, the students of year 6 of No. 1 First School in GuangZhou go to the zoo. They go to Pan Yu Zoo. They watch the animal show. There are many animals in the show.

There are two black and white pandas on a swing. On the swing they love to swing back and forward.

A brown bear rides a bicycle. The brown bear wears a red dress. The students clap.

Then the lion and tiger come in. A man puts his head in the lion's mouth. The man is very brave. The tiger jumps through a hoop. The tiger jumps very high. The students clap and cheer.

At last, the monkeys appear. One monkey is on a scooter, he wears blue trousers and a yellow shirt. Two monkeys ride bicycles. One monkey rides fast while the other rides slow. Three monkeys ride a small horse. All the monkeys eat bananas. The students laugh.

Finally, a big, grey elephant comes slowly in. It drinks a lot of water from a yellow bucket then it blows the water all over the students. The students are wet but they laugh. This is great fun.

The students enjoy the animal show at Pan Yu Zoo on Children's Day because the zoo is better than school!
